

ROLL UP: SF PRESENCE (to EO Rank)

4) Calculation of “EO Presence” (or “Initial EO Rank”) based on SF Presence values:

Examples:

SF1	E	-	-	-	-	-		
SF2	U	U	-	-	-	U		
SF3	F	F	F	-	-	-		
SF4	H	H	H	H	H	-		
SF5	X	X	X	X	H?	X		
INITIAL EO RANK ROLLUP	E	U or F	F	H	H or H?	U or X		

Rules:

- 1) If all SF = all same rank, then EOP is that rank.
- 2) General hierarchy of E, then F, then H, then X is agreed on by Project Team. For example, if any SF is E, then Initial EO Rank/EO Presence (EOP) is E; if all ranks are F, H and X, EOP is F.

! Disagreement over how U should be used; some say if there is any other rank, don't use it; some put it between E and F in the hierarchy

! Disagreement if H should be selected before or after H?
